ABOUT

UI/UX Designer with 2 years experience. Frontend developer with 5 years experience (I write code for web application interfaces). Now I want to go completely into design, without coding.

EXPIERENCE

Frontend Developer (ReactJS)

Jun 2017 - Jun 2022

Development of websites and web apps of varying complexity. From small landing pages to large programs with many services. I worked as a freelancer, in a startup, outsourcing, outstaffing. I will list the companies: Maddevs (Kyrgyzstan), Beeline (Kyrgyzstan), Makeomatic (Canada), Kvando (Russia), IntellectSoft (Ukraine)

Curriculum developer / Education Administration / Mentor

Jan 2020 - Aug 2022

Writing curriculum for programming courses in Bishkek. Teaching, lecturing. Recruiting and training new mentors. Administration of the studying process. Worked in companies: IT Academy, Zeon (Kyrgyzstan)

UI/UX Designer (Freelance)

Jun 2020 - Present

Freelancer. Landing page development for small businesses. Also creation of application design for training front-end developers in programming courses.
